

Impact Report

This year, Community Crisis Center proudly celebrates 45 years of standing alongside survivors in Northeast Oklahoma. What began as a commitment to meet a critical community need has grown into a trusted resource for survivors of domestic violence, sexual assault, stalking, and human trafficking.

Through the dedication of our staff, volunteers, partners, and supporters, survivors continue to receive safety, advocacy, shelter, and support at no cost. We are proud of the progress made in expanding services, strengthening partnerships, and increasing access across our rural communities.

As we honor 45 years of impact, we remain focused on the future: ensuring that every survivor who reaches out can find safety, support, and hope.

Community Crisis Center
OF NORTHEAST OKLAHOMA

IMPACT SNAPSHOT

1,145

Total Survivors Served Through All Programs

230

Survivors Served in our 24/7 Emergency Shelter

44

Survivors of Human Trafficking Served

YEAR in review

Provided Court Services to 177 Survivors

Provided 2,905 resources like Ring Doorbells, Security Alarms and Support Group Books

Had a 19% Total Increase in Clients

Served 68 Children through our Child Advocacy Program

43 Day Average Length of Stay in Shelter

Saw a 57% Increase in SANE Exams

Were Providing Services all 8,736 Hours of the Year

24/7

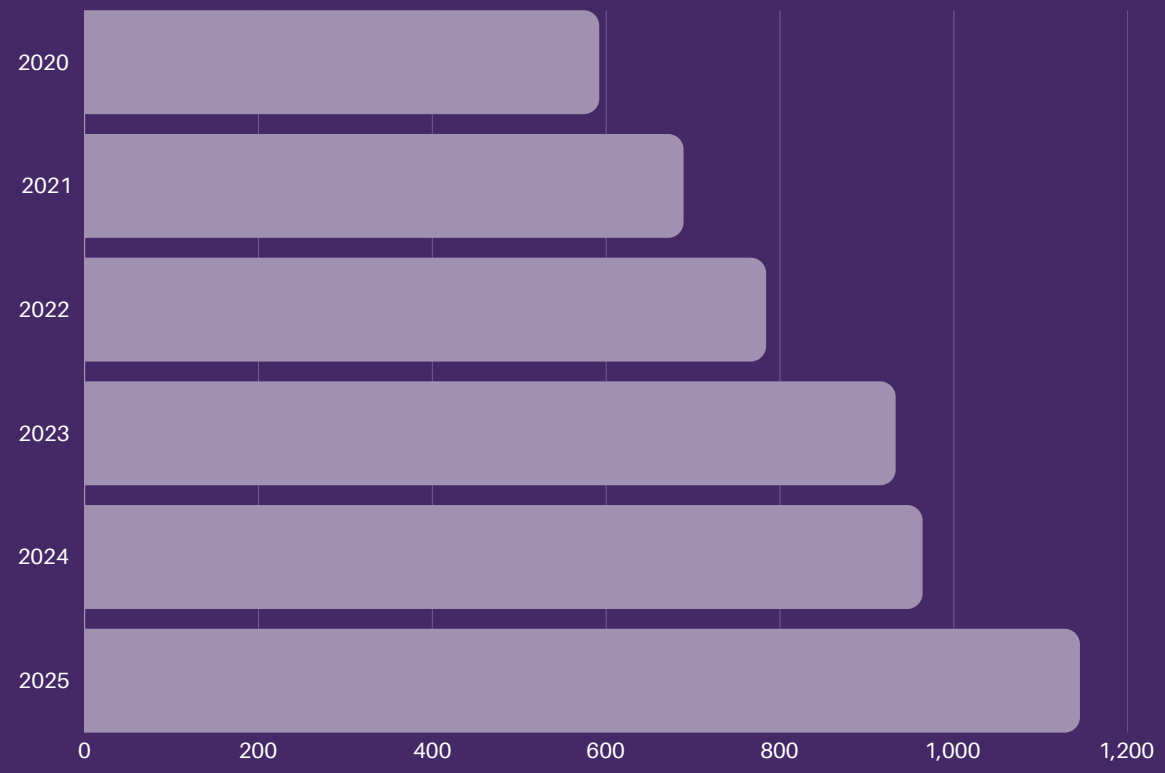

Provided 150,968 total hours of services to survivors

Served 17 clients through transitional living services

THE NEED AND COMMUNITY UTILIZATION OF SERVICES CONTINUES TO GROW.

Each year the total number of survivors we have served has grown by an average of 14%. Last fiscal year our total survivors served increased by 19%.

What clients had to say:

"I was treated respectfully by all staff. I felt like I mattered here."

"I really don't think I would be alive if I hadn't received these services."

"The advocate support system was so helpful. I was assisted with everything from safety planning, to finding housing and looking for a job."

"I had so much peace knowing my kids were being taken care of too. From Christmas presents to school clothes, it made a difference to us."

SEXUAL ASSAULT NURSE EXAM PROGRAM (SANE)

A Sexual Assault Nurse Examiner (SANE) is a specially trained registered nurse who provides compassionate, trauma-informed medical care to individuals who have experienced sexual assault. SANE Nurses conduct comprehensive forensic medical examinations, collect and preserve evidence when requested, assess and treat injuries, provide medications, and connect survivors with ongoing advocacy and support services. Their specialized training helps improve both survivor outcomes and the quality of forensic evidence available should a survivor choose to participate in the criminal justice process. CCC is able to offer a SANE program for adult victims thanks to a partnership with Integris.

This year marked significant growth for our program, with a 57% increase in completed forensic exams compared to the previous year. We also expanded access by opening an additional exam room in Miami, allowing forensic medical exams to be completed in both Miami and Grove and improving timely access to care for survivors across our service area.

Community Crisis Center advocates are present to ensure survivors are supported throughout every step of the process. We provide clean clothing, undergarments, slippers, blankets, toiletries for showering, food and beverages, comfort items, educational resources, and books to take home. By combining expert forensic nursing with compassionate advocacy, our SANE Program helps survivors begin the healing process with dignity, safety, and support.

We're excited to announce our goal of launching the Foundations for Freedom Shelter Building Project in 2027. Our vision is simple: relocate from our current 75-year-old shelter into a new facility designed specifically to meet the needs of survivors and their families. The new shelter would allow us to:

- Increase capacity from 24 beds to more than 40 beds, creating more safe spaces for survivors. We are regularly at 100% capacity.
- Expand our facility to nearly double the square footage.
- Create dedicated spaces for children, teens, families, counseling, and healing.
- Add private offices to ensure confidential, trauma-informed services.
- Provide larger outdoor areas for recreation and children to play.
- Expand space for support groups, education, and life-skills programming.
- Invest funding in more survivor services instead of maintenance.

We believe survivors deserve more than just a place to stay. They deserve a space intentionally designed to help them heal, rebuild, and thrive. If you or your business would like to be part of making this vision a reality through financial support, partnerships, or in-kind contributions, we'd love to visit with you. Together, we can build hope and create a lasting impact for survivors across northeast Oklahoma.

We couldn't have done it without your generous *support.*

Thank you to our donors, partners, volunteers, and supporters.

FINANCIALS

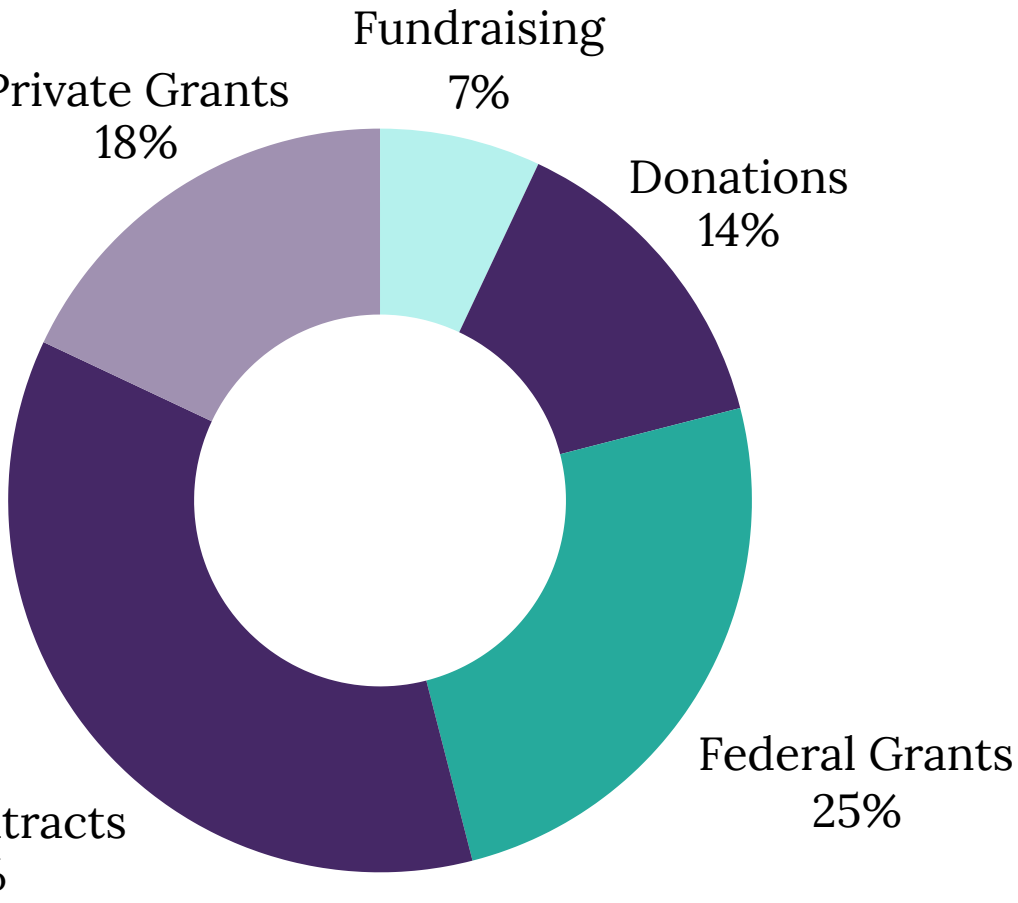

FY 25/26

Income: $1,749,126.91

Expenses: $1,712,779.61

Your investment made this possible. Over $1.7 million dollars invested into a future free from violence.
